### How did students perform on assessments?

Students that met or exceeded expectations on statewide assessments

#### English Language Arts

#### Math

### Are students at risk?

Students that were absent for 10% or more of days enrolled

#### Chronic Absenteeism

### How does student growth compare to other students?

#### Median Student Growth Percentile

Each student gets a **student growth percentile** from 1 to 99 for English (4th to 8th grade) and Math (4th to 7th grade) that explains their progress compared to students who had similar test scores in the past. If the student growth percentiles for all students in the school are ordered from smallest to largest, the **median student growth percentile** is the percentile in the middle of that list.
